### **This and That**

Summer registration is well underway and people are already asking about our field trips and camps. Summer camps and field trips are on a first to sign up and pay basis. Camps are offered and presented in the morning and during the afternoon we have many fun and interesting things planned for a great day. There are limits to the number of children in each camp and on each field trip. Please take the time to review our exciting summer camps and summer schedule with your child. Be sure to sign up as soon as possible.

Lunch: During the summer you are to provide your child with lunch. We do have a microwave however, there is not room in our refrigerator for children lunches. Please pack food in a insulated lunch bag. We have a morning and an afternoon snack planned daily. During the summer will have some party lunch days where you may opt to purchase lunch.

Walking field trips are offered many days during the summer. Your child should wear appropriate shoes and be capable of walking 1 mile to and 1 mile back. The children enjoy these outings as does the staff. Please refer to your calendar for dates and places.

During the summer it is cool in the morning and hot in the afternoon. Please dress your child in layers. During water play days, each child must wear swim attire and have a towel if they want to get wet. Additionally, please apply sunscreen to your child each morning. You may sen in a bottle of sunscreen with your child's name and we'll maintain it for you. We will be swimming at a local pool. Cost TBA. We must have a minimum number of children sign up before we will go to the pool.

This summer there will be paving of the school district parking lot and resurfacing of the playground. As it becomes necessary, we will instruct you as to the best place for drop off and pick up. Sunrise Elementary School is willing to help us this summer, however they also will be operating and we need to be considerate of their needs.

We want to offer bike days and will try our best however we need to determine the best times to accommodate the construction. Again, we will keep you informed.
